

SmartAgent v2.67.0

SMAR-5299	FIXED: We have updated behaviour of the quick reply text box when switching between active contacts.
SMAR-6695	ENHANCEMENT: We have added a browser notification that informs an Agent they are forced offline.
SMAR-6867	ENHANCEMENT: We have added a user-friendly error message upon logon failure.
SMAR-6882	FIXED: We have resolved issues experienced by Agents while typing messages in the expanded window in e-mail v2.
